LEADERS OF CHANGE FOUNDATION (FLP)

– Program Administrator

The Foundation was established in February 2016 by the Polish-American Freedom Foundation.

The main activities of the Foundation include the administration of the long-term programs financed by the Polish-American Freedom Foundation: the Lane Kirkland Scholarship Program and "Study Tours to Poland" Program.

The Lane Kirkland Scholarship Program and Study Tours to Poland Program were transferred to the new Foundation, together with their experienced teams who have been responsible for their creation for many years. A combination of programs with similar profiles, and the participation of new people in their co-creation constitute an opportunity to expand and enrich our activities. We would like to have a broad offer addressed to those who are willing to benefit from the experiences of active people from East Europe, the Caucasus region, and Central Asia. In collaboration with academic centers and institutions in the public and NGO sectors, we also hope to offer some new forms of internship and research stays in Poland.

We gather together people who believe in the power of change.
